1. Background

The HoA DRIVE Project is implemented by the Project Implementation Unit (PIU) of the Ministry of Finance, Federal Government of Somalia, with financing from the World Bank. Under the project, solar-powered fridges are provided to women milk vendors so they can keep milk fresh, reduce spoilage and increase income from milk sales.

Public handover ceremonies were organised in each target district. This report covers the ceremonies in Galmudug: Dhusamareeb, Cadaado and Galkacyo. Rasmi Logistic Service was contracted by the PIU to provide logistics support for these ceremonies, and the fridges were supplied by the project.
