1. Background

The HoA DRIVE Project is implemented by the Project Implementation Unit (PIU) of the Ministry of Finance, Federal Government of Somalia, with financing from the World Bank. Under the project, solar-powered fridges are provided to women milk vendors so they can keep milk fresh, reduce spoilage and increase income from milk sales.

Public handover ceremonies were organised in each target district to formally hand over the fridges to beneficiary families and to create a visible record of the support provided.

Rasmi Logistic Service was contracted by the PIU under ***Contract No. [Contract No.]*** dated [date] to provide logistics support for these handover ceremonies. This report summarises the services delivered under the contract.

2. Executive Summary

Between 18 August and 30 September 2026, Rasmi Logistic Service supported fridge handover ceremonies in nine districts across four Federal Member States and Banadir. A total of 540 families received their fridges (60 per district).

5. Logistics and Coordination

Each district was planned and run as a separate deployment, with the same service standard applied at every site.

5.1 Transportation

- **Within city:** vehicle rent to move the team, materials and fridges between storage and the ceremony venue.
- **Intercity:** transport between districts where the ceremony site required travel from another city [Rasmi to list the districts served by intercity transport].

5.2 Catering

Catering was provided in Afgoye and Balcad only, as set out in the contract. No catering was provided in the other seven districts.

5.3 Ceremony steps

1. **Prepare:** confirm the district plan, date, venue and transport with the PIU focal point.
2. **Mobilise:** move the team and fridge equipment to the district and set up the venue.
3. **Hand over:** fridges handed over to the 60 beneficiary families; handover list signed.

4. **Carry:** team helps each family carry their fridge from the venue.
5. **Record:** photo and video coverage of the ceremony.
6. **Close:** wrap up on site and confirm the outcome with the PIU focal point.

5.4 Coordination with the PIU

Rasmi kept regular contact with the project focal point, Abdulkadir Hussein Hassan, before and during each ceremony to confirm dates, venues and arrangements.

6. Media Coverage

Photo and video coverage was provided at all nine ceremonies. The full media files are available at:

7. Challenges and How They Were Managed

Challenge	How it was managed
Distance between districts	Planned transport per district (within city or intercity) and scheduled travel so the team arrived in time to set up.
Security and access	Coordinated movements with the project team and local authorities, and kept travel and set-up within safe working hours.
Carrying fridges	Team helped each family carry their fridge so the equipment reached them safely.
Consistent quality across 9 sites	Used the same service checklist in every district.

8. Conclusion

Rasmi Logistic Service supported nine handover ceremonies in which 540 families received solar fridges. Each ceremony is a practical step towards safer milk storage, less spoilage and stronger incomes for families who depend on milk sales.

We thank the Project Implementation Unit, Ministry of Finance, and the project focal point, Abdulkadir Hussein Hassan, for their support throughout.
